Balloon Racers

Air-powered racing cars, a low-tech "blast from the past," have proven to be a tremendous hit with everyone who's seen them. These retro-styled red roadsters really zoom, propelled by the jet-like power of a rapidly deflating balloon. Blow up the balloon again, and you're ready for another drag race. Set of two cars comes with four reusable balloons. Non-stop fun for ages 5 and up.

Welcome to the new goodcatalog.com!

This is it - the one place where you can see and purchase every product from every Good Catalog title. I'm absolutely thrilled to announce that our website has exploded overnight. Not just a few items. Not just one catalog. Now everything we offer is right here.

goodcatalog.com is a site with something for everyone and every room in your home. Gifts galore. Furniture, rugs and artwork. Gardening ideas. Practical solutions for your home. Travel items. Kid's stuff. Items you'll never find anywhere else. Things that are new, fun and, above all, unique!

There's even more news. Selection far beyond what you'll find in our biggest catalogs. In some cases you will even be able to go directly to the homepage of manufacturers or craftspeople. Here on the internet, it is so easy to add and update merchandise, so you'll always find something new and exciting. And you can place your order directly through this website. Now that's what I call cybershopping!

Have fun browsing,

Barb Todd, President
Good Catalog Company - A Reader's Digest Company

P.S. If you're looking for something special and don't see it, or have a suggestion for us, just e-mail me or give me a call. I look forward to your comments.

Auction Types

Spot Market

In a Spot Market auction, buyers bid on-line until the auction ends. The item(s) are then sold to the highest bidder(s) of the greatest quantity.

Request For Quote - Reverse Auction

A request for quote or (RFQ) is either public or private. Buyers submit quantity and delivery date requirements, and sellers bid to the buyers. In private RFQ's the information is sent to the vendors via email. In public RFQ's the information is posted to a searchable on-line database.
